

Maple Class

The children designed a chocolate packaging on paper, they then created it using the computer and finally printed the net and made them the chocolate boxes 3D.

Josh

We looked together at the importance of diversity in our PSHE lesson, then we focused on the things that make us special. We compared ourselves to others and celebrated our similarities and differences

Emily

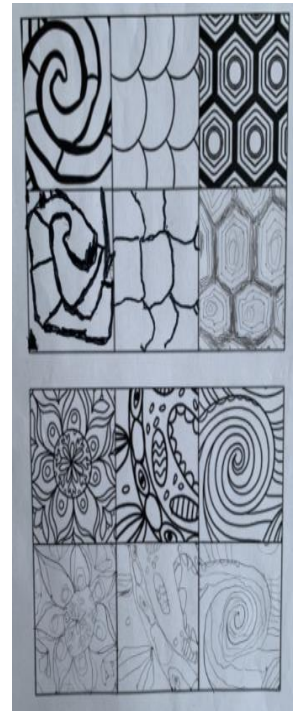

We created phonics snap games to play at home with our daily phonics focus.

Dylan

We have been learning about money and calculating ways to total coins and notes.

Charlotte

The children were asked to mirror the images as carefully as they could in preparation for our art learning this term.
